**Albion District U.M.W.
Pajama Party at Wesley Woods with
Reverend Melanie Baker-Streevy**

This retreat will involve looking for the sacred in the everyday, seeking to be more open to the ways that God is working all around us. Melanie will use the book *"An Altar in the World: A Geography of Faith"* by Barbara Brown Taylor. We will spend time looking at John Wesley's view of **grace**, (**Prevenient**, **Justifying** and **Sanctifying** grace) we will seek to be comfortable with God, (as comfortable as if we were in our favorite **PJS!**) and as near as the air we breathe, at this special place and time. We will look at a broader view of prayer and generally practice living in the everyday as essential to our spiritual health.
